

Dubai AI (DBAI)

“Invest and Make an Impact.”

1. Introduction

Dubai AI (DBAI) is a Charity / Impact Token built on blockchain technology. It combines finance, artificial intelligence, and philanthropy to allow investors to create profit while simultaneously making the world a better place. Our mission is clear: enable every transaction to contribute to global good.

2. The Problem

- Traditional finance rarely contributes to global social good.
- Many crypto projects lack trust, transparency, and a real-world purpose.
- Donations around the world often suffer from inefficiency, lack of accountability, and corruption.

3. The DBAI Solution

DBAI offers a transparent, automated way to give back. With every transaction of DBAI tokens, 1% is automatically deducted and transferred to a dedicated Charity Wallet. This Charity Wallet is public and fully auditable by anyone on the blockchain.

Address: **0x3223d2C5c9AfBF7ab01ad487Dd60dAfc855D1210**

Each month, funds accumulated in the Charity Wallet will be donated to certified organizations around the world. Every donation will be documented with receipts and published transparently on our official website. This ensures that investors know their transactions are not only financial moves but also contributions to humanity.

4. Areas of Impact

The DBAI project is focused on solving some of humanity's greatest challenges:

- ■ **Reforestation:** Planting trees to combat deforestation and climate change.
- ■ **Access to Clean Water:** Supporting projects that provide drinking water to communities in need.
- ■ **Education:** Funding initiatives to give children access to quality education.

- ■ **Hunger Relief:** Fighting world hunger by supporting food programs.
- ■ **Future Causes:** Expansion into areas like healthcare, disaster relief, and sustainability.

5. Tokenomics

Category	Percentage
Community & Investors	40%
Strategic Partnerships	20%
Project Development	15%
Team	10%
Reserves & Liquidity	10%
Marketing & Campaigns	5%

6. How it Works

- Every transaction of DBAI deducts 1% into the Charity Wallet.
- Funds are aggregated and distributed monthly to charity organizations.
- All receipts are published on the official website to guarantee transparency.
- The community can track donations in real time on Etherscan or BscScan.

7. Roadmap

Phase 1: Token creation, website launch, and whitepaper publication.

Phase 2: Launch of Charity Wallet and first donations.

Phase 3: Growth of community and marketing campaigns.

Phase 4: Exchange listings and global partnerships.

Phase 5: AI-powered transparency reports and global expansion.

8. Security

DBAI places a strong emphasis on security. Ownership of the token smart contract will be transferred to a multi-signature wallet, ensuring no single person has unilateral control. All transactions will be transparent, and periodic audits will be conducted to maintain trust.

9. Vision & Conclusion

Our vision is to create a financial ecosystem where profit and purpose are inseparable. Dubai AI (DBAI) stands as a beacon of trust, transparency, and impact. By investing in DBAI, you are not only securing your financial future but also contributing to a more

sustainable and fair world.

Together, we can transform blockchain into a force for good.
